SCHOOL

Children spend an average of 30 hours a week in school and it is important that they wear footwear that is healthy for the growth and development of their feet. Children's feet grow fastest during the first 10 years of life and continue to develop through out their years at school. These facts are important to know when choosing school shoes.

Froddo school shoes are made with carefully selected certified materials of the highest quality. The latest technology is used to create a healthy and safe product. Froddo school shoes have light and flexible soles which provide complete softness and mobility at each step. Features include rubber fronts for protection, ankle support and cushioning. They have Velcro straps and the classic styles have laces for older children.

Made from high quality natural, Chrome VI free leather, the shoes provide complete comfort and protection from foot perspiration. Froddo school shoes are durable and perfect for active kids. The Back To School collection is available in sizes 25 - 42.
