

froddo®

Every step is your story.

BACK
to
SCHOOL

Froddo Back-to-School collection is carefully designed for all ages and comes in sizes 25 - 42 and widths from S to L. Froddo school shoes are durable and have light and flexible soles which provide complete softness and mobility at each step. Features include rubber fronts for protection, ankle support and cushioning. They have hook & loop, and the classic styles have laces for older children. We carefully chose European suppliers, all with recognized certifications like Leather Working Group.

In addition to the standard collection, we also offer a barefoot line. Ultra-light, breathable and comfortable shoes with flexible outsole and flat removable antibacterial insole mimic barefoot walking. Wider toe box ensures foot stability while walking and encourage the natural and healthy growth of children's feet.

Froddo shoes prioritize children's foot health and environmental sustainability. Our production minimizes environmental impact with eco-friendly methods and responsible resource management. We use 100% renewable energy and partner with certified suppliers. Our business operations adhere to ISO quality and safety standards. The production is located at our headquarters in Croatia, where we produce one million pairs of shoes annually.
