BASIC SHOE FUNCTION

Welcome to the world of innovative Barefoot footwear with zero heel drop, designed to provide a perfect fit for your feet and give you the sensation of walking barefoot without unnecessary strain.

Barefoot shoes feature a wider toe box, thin extra flexible outsoles, and flat insoles, allowing you to naturally strengthen foot muscles. This leads to better overall body health and proper functioning of the nervous system.

Froddo Barefoot footwear is crafted to establish a deep connection with nature, focusing on the primary purpose of shoes – protecting your feet from external elements. Our top priorities in footwear production are caring for children's feet and protecting the environment.
